

Charmaine Nyathi

Front-End Web Developer

Sydney, Australia
charmainenyathi@gmail.com

SUMMARY

Enthusiastic and dedicated IT professional with a passion for front-end development and a drive for continuous improvement. Skilled in HTML, CSS, Bootstrap, Python and JavaScript, I'm committed to creating responsive and dynamic web applications. Eager to gain valuable work experience to elevate and complement my ongoing studies in front-end and back-end development concepts.

EDUCATION

Coder Academy— *Diploma of Information Technology*

Graduating March 2025

SheCodes— *Front-End Bootcamp*

2022-2024

PROJECTS

<https://charmainenyathi.netlify.app/work>

Portfolio— *Website*

I created my responsive portfolio using HTML, CSS, JavaScript, and Bootstrap. It features projects such as a Python built Event Planner App, multiple landing pages, and a weather app with API integration. Each project highlights my web development skills and creativity.

Weather App— *Application*

I built this real time, fully functional weather app using HTML, CSS, Javascript and an active API. This interactive application dynamically fetches data from a live API, providing users with the latest weather conditions .

The Hunter Valley— *Website*

The Hunter Valley site was developed with HTML and CSS. It highlights my skills in creating visually appealing and responsive designs, tailored to user interests. This project reflects my capability to design engaging content that inspires travel.
